REPUBLICAN POLITICIANS VISIT THE CITY.

All Naturally Drift to Major Warner's Office-Question of Crenshaw's Confirmation Was One of Lively Interest.

Republican polificians from many sec tions of the state were in the city yesterday, consulting with local leaders of the party over matters pertaining to the incoming administration. Nearly all of the visitors found their way during the day to the office of Major Warner. In the crowd were such men as J. B. Upton, of Bolivar; J. H. Bothwell, of Sedalia; E. L. Morse, of Excelsior Springs; Ed Durham, of Bethany, and H. G. Orton, of Prince-

Mr. Durham was an aspirant for the place of United States marshal, if the vacancy could have nursed past next Thurs-day. Some of the others are also aspirants for appointments under the administration and as all of them are hard workers for party success, and in line with the powers that be, they are all hopeful of ultimate

A great deal of attention has been paid to the confirmation of G. Y. Crenshaw as United States marshal for this district. Many of the Democrats were hopeful of success in landing him, but others felt du-bious over the delay, even up to last night. Some Republicans were hoping the confirmation would be held up, but others despaired of being able to prevent confirmation, even with the most zealous work. They were right, as Crenshaw has been confirmed.

Ticket Broker McCrary Says He'll Continue Business, No Matter

Congressional Action. "I will continue the sale of railroad tickets at reduced rates even though the antisculping bill may pass the lower house and be signed by the president," said H. A. "It is quite probable that the bill will never get any farther than it now is, but if it should get through it will be carried into the courts at once and it will take time to

courts at once and it will take time to test the matter.

"It is strange," he added, "that the congress that hopes to legislate for the masses of the people would jump on our business when we get for the public a reduction of traveling expenses and have the business reduced to a science, so that it is safe and reliable and annually saves large sums for the travelers."
